M1X Striker

The M1X Striker is a dual-switch tactical LED flashlight featuring a high intensity output with a compact form factor. The M1X Striker features 5 brightness levels ranging from 0.5 lumen to 1000 lumen plus a strobe mode. The light is powered by 2 x CR123A batteries or a 1 x 18650 battery. With a strike bezel and a dual-switch for tactical application, the M1X Striker is an ideal flashlight for self-defense and every day carry.

FEATURES
